What is it?

Quick-Pay is a service that allows a carrier to receive immediate payment on invoices for transportation services that are provided to Rome Transportation Inc. and its affiliates. Rome offers the option for carrier partners to receive payment of their invoices within 24 to 48 hours of delivery.

How does it work?

Once you're setup with us, we will authorize payment into your bank account within no more than 48 hours (Monday through Friday not including holidays) once you do the following:

1. Complete the delivery of the shipment with no issues or damages
2. Provide a clean proof of delivery
3. Provide an invoice in the agreed upon amount
4. You're done!

Why should I Quick Pay?

- **No Recourse:** once you receive payment, it's yours!
- **No Reserves or Withholdings:** you're advanced the entire amount less our fee
- **Straight Forward Fees:** you know your rate and never have to worry about it changing
- **No Term:** if you ever no longer need or want Quick-Pay, you can stop at any time
